# Academic Achievements (In General Terms)

## Results of Research

### Religion

- Both Historical and Present Day Christians are Neither Predominantly White, Western, nor Rich
- Christians in Almost Every Place, Time, Culture, and Sect were the Leaders in Education and Scholarship
- Greek Orthodox and Syriac Christians were the First and Primary Means by which Greek Science was Passed to the Arabs and Modern Europe
- The Bible is More Complex and Wider in Scope than All Other Great Religious Texts of All Times Combined
- Atheism is on the Rapid Decline and the Major Belief systems of the Future are several major forms of Christianity and Islam
- There are More Christians Now than there Ever Have Been in All of History
- Existentialism and Modern Psychology Come From and are Fully Compatible with the Bible
- No One will Predict Correctly Christ's Second Coming and it will Happen in a Time of Peace (as that is the Only Thing about Prophecy that is Clear in the Bible)
- God Controls Everything even though We Have Complete Free Will and God Constantly Intervenes Supernaturally

### Society

- Most Major World Events are Planned by a Small Group of People
- The Strengths of America are Our Geography (distance from enemies), Population Density, and Natural Resources (and not because of our kind of government or our economic strategies)
- America is both not Western but our Establishment Works Almost Exactly like it does in Europe
- The Entire World Economy will Collapse Sometime in the Next 50 Years and America will Do Better than Anyone Else
- By the Time China and India finally Become the Major World Powers, Global Warming will Cause the Complete Destruction of Most Societies of the Non-American World
- No Foreign Power would be Careless Enough to Attempt an Invasion of America for the Foreseeable Future Regardless of the Military, Political, or Economic Situation
- The Only Major Threat to America is Our Lack of Work Ethic
- The Middle East is More Similar Culturally to Africa than to South or East Asia
- The Bible Supports (Fiscally) Liberal Politics

### Personality

- I am very literal
- I am better at theoretical than concrete pursuits (this is a miracle because I have Schizophrenia)
- I push myself way too hard
- I am a perfectionist
- I can be very stubborn/tenacious
- I value character traits over intelligence or status
- I do best under little or no stress
